

CASH DISPENSER KIOSK

- High transaction speed up to 5 notes per second
- High accuracy and consistent detection of doubles
- Small footprint to fit everywhere
- No planned maintenance
- Quick and easy cash replenishment of the cash trays
- Modern and sharp design

CDK2000 is a 2 cassettes cash spray dispenser.

Has been designed to be an easy and reliable ATM; with its small footprint can be installed everywhere. It is capable to dispense up to 50 notes, at a speed of 5 notes per second, minimizing the transaction time. No planned maintenance is necessary, other than occasional cleaning in order to increase the uptime. The double detection is reliable even when the notes are severely degraded and do not require mechanical adjustments or intervention. The ergonomic design will help the user making the withdrawal operation fast and troublefree. The kiosk can be equipped with an additional camera for increased security.
